Advance-Nilfisk Part - Think about how tedious it will be to tidy up your very own home after having a large party, with no help from cleaning equipment. Before, the time upholstery and carpets had the dirt beat out of them by hand; brushes, brooms and cleaning cloths were the leading cleaning supplies back then.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Starting the company in the year 1906, he started to produce motors to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the start was to have an international company selling merchandise worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single individual. This invention came in a time where numerous cleaning machines were huge and needed 4 or more operators, thus, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment provide an excellent solution to an ongoing crisis; stuff get dirty and need to be cleaned regularly, without too much effort.

Gradually, the company Nilfisk-Advance developed throughout the years. During the the early part of the 1980's the company grew more rapidly when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, aspiring to be an active international player in making professional cleaning equipment. Nilfisk-Advance is presently found in every part of the world due to steadily acquiring numerous smaller businesses in order to expand their product selection and presence in new markets. They are really proud to present different cleaning solutions to fit each and every need.
