

Cascade Clamp

Cascade Clamp - Cascade Manufacturing Company was established in Portland, Oregon in 1943. They started out as a small machine shop initially employing 4 individuals. Sales for their initial year of operation amounted to about \$60,000. The very first recorded sales revenues involved the assembly and machining of stainless-steel pipe fittings, valves and other components. Through five years of operation, the company had expanded to 40 workers and their annual sales volume had risen to three hundred thirty thousand dollars. Nowadays, Cascade is one of the top worldwide producers in the material handling trade.

Design and production of the company's initial hydraulic cylinder allowed this new company to aggressively engage in new business opportunities. All through the last sixty years, the business of material handling has developed into a really sophisticated field with Cascade proudly playing a part in its progress. Cascade at present continues to develop as the leader supplier of forklift accessories and various associated items. The business feels confident in their capability to continue to lead the way in the business by understanding buyer's needs in the future and remaining competitive within the global market.

In the 1950's, Cascade started designing, manufacturing and selling hydraulic accessories. Manufacturing was completed in 1956 on a new office in order to house all of the plant and office operations in Portland, Oregon at the company's present headquarters. Subsequent to 15 years of business, total employees reached a hundred and eighty staff and sales had reached almost \$2,300,000.

In the year 1959 in Springfield, Ohio the next manufacturing plant was built. nineteen sixty marked Cascade's preliminary move into the global world of the material handling industry when the business recognized interest in Australia, the Netherlands and England.

In the year 1964, the business altered its name to the Cascade Corporation. Afterward in 1965, the business went public with an initial offering of two hundred thousand shares of common stock. Since then the business has expanded its manufacturing amenities throughout the continental US to the areas Warner Robins Georgia to go along with its already existing plants in Springfield, Ohio and Portland, Oregon. Cascade merchandise are made worldwide because of many subsidiary operations. In 1994, a new plant was completed in Almere, the Netherlands which is Cascade's European head office. This facility is made to be the ultimate customer support centre.

Continuing to grow, Cascade expanded their product offering further in the year 1996 and the year 1997 with the impressive acquisition of five corporations, including the global best in blades, the Kenhar Corporation.
