

Rockwell Part

Rockwell Part - AxleTech International is a premier dealer in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for delivery, quality, service and technology. They believe in working within an environment which supports the utmost integrity with empowered collaboration, combined with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever comments or questions, because they are glad to promote and share this policy with a greater understanding of their efforts. They are really committed to improving and preserving the natural world. AxleTech has an EHS program which not only protects the natural world but which even actively protects their neighbors and staff too.

AxleTech specializes in the manufacture and designing of planetary axles for both commercial and military applications, which can comprise anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider too. AxleTech specially designs axles so as to meet specific application demands. They have more than 1000 various axle specs in their existing offering. With over 100+ years of history and experience, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in numerous commercial and military applications. They provide complete axle assemblies used for aftermarket replacement requirements, along with servicing axle requirements for OE production. Their high mobility ISAS have added details which could be seen in the "ISAS" product collection.
