

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since 1959. Whether the work requires positioning heavy steel, landing loads on scaffolding or transferring loads, utilizing a Lull telehandler will help make the task go easier and faster. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull could provide eighty inches of boom travel for precision placement functionality. There are even lots of optional Lull accessories for their telehandlers in order to help complete whichever task.
